

Abigail Medina Perez

Mechanical Engineer · abigail.medina@mailbox.example · +1 (206) 555-4071 · 4120 Woodward Ave, Apt 7B, Detroit, MI 48201

PROFESSIONAL SUMMARY

Mechanical Engineer with deep expertise in mechanical engineering. Proven record of delivering production systems, leading technical initiatives, and mentoring engineers. Seeking to continue contributing in a specialty-occupation role at BrightForge Manufacturing Co..

EXPERIENCE

offer pending **Mechanical Engineer** — BrightForge Manufacturing Co.

- Own end-to-end mechanical engineering initiatives across design, implementation, and review.
- Partner across functions to ship reliable, scalable production systems.

2019 - 2024 **Engineer** — Hermosillo Automotriz, S.A. de C.V.

- Built and maintained core mechanical engineering components serving production workloads.
- Improved the performance and reliability of mission-critical data pipelines.
- Translated stakeholder requirements into delivered, tested features.

2016 - 2019 **Associate Engineer** — Foundry Systems

- Supported development and testing across the engineering organization.
- Contributed to internal tooling, code review, and documentation.

EDUCATION

Bachelor of Science in Mechanical Engineering — Universidad Nacional Autonoma de Mexico (UNAM)

Relevant coursework: algorithms, systems design, statistics, and mechanical engineering fundamentals.

SKILLS

Mechanical Engineering; systems design; data modeling; testing & verification; cross-functional collaboration; technical writing; mentorship; production

operations; performance tuning; stakeholder communication.
